

MUCH DAMAGE DONE
BY THE HIGH WINDMANY BADGER STATE TOWNS
LOSE HEAVILY.

Oconto, Trempealeau, Eau Claire, Clear Creek, LaCrosse, and Waupaca Swept by the Gale and Buildings and Crops Leveled—Governor Upham Leaves Chattanooga.

Oconto, Wis., Sept. 24.—This city and vicinity was visited by a terrible wind storm and rain Sunday night at 7:30 o'clock. Whole trees were uprooted and the ground was covered with broken limbs. Nearly every lumber pile was scattered and several piles in the Holt Lumber company's yard, that had been piled thirty-five feet high, were blown over. A great many windows were blown in, and the iron roof to the Doneyly block was blown off and a deluge of rain poured on the inmates below. Reports of the damage from the country came in slowly, but there was a large amount of property destroyed. This has been the most severe cyclone since 1871, when Pensaukee was destroyed.

Moved from Foundations.
Trempealeau, Wis., Sept. 24.—The atmospheric conditions the past few days came to a windup Sunday afternoon when a terrific storm passed over the city accompanied by rain and sleet. Buildings were moved on their foundations, roofs blown off, barns, trees and chimneys blown down, window lights broken, shutters and signs scattered like pipe stems, and all but one down along the tracks of the Burlington railway. Numerous washouts occurred. The damage in this vicinity will go up in the thousands, but no lives are reported lost.

Town Almost Demolished.
Eau Claire, Wis., Sept. 24.—Word has been received of a tornado Saturday afternoon in the town of Clear Creek, this county. It cut a narrow path through the town. Following is a partial list of the damage done: David Savar's house and barn torn to pieces, George Jackson's barn gone, Israel Quin's house partly destroyed, several other houses, many haystacks, out-buildings and fences torn down.

Reports of Damage.
La Crosse, Wis., Sept. 24.—Reports received from throughout the county show that Sunday's windstorm was very destructive. Damage will aggregate not less than \$1,500. Many houses were unroofed and porches swept away. Trees, innumerable ranging up to two feet in diameter, were broken down. Not less than \$300 damage was done at the interstate fair grounds.

Cornfields Leveled.
Waupaca, Wis., Sept. 24.—A thunder storm accompanied by high winds and heavy rain passed over this region Sunday night. Cornfields and exposed grain stacks were laid low. A dry cold wave followed, and the roads and fields are dry.

Gov. Upham Leaves Chattanooga.
Chattanooga, Tenn., Sept. 24.—Governor Upham, of Wisconsin, who broke his leg on Lookout Mountain last Friday, improved so rapidly that he was able to leave for Chicago yesterday.

Big Victory for Women.
Indianapolis, Ind., Sept. 24.—The Indiana conference of the Methodist Episcopal church, by an almost unanimous vote yesterday decided to admit women into the conference as delegates. While the conference was in session General Harrison appeared by invitation, and made a few felicitous remarks. He was heartily cheered by the 300 ministers present. The conference appointments were announced yesterday.

Among the interesting business transacted was a vote to continue the Rev. William E. Hinshaw in his work, regardless of the fact that he is now on trial for his life in the Danville court on a charge of wife murder.

Seize an American Sailor.
Victoria, B. C., Sept. 24.—The sealer E. B. Marvin arrived this morning under seizure, with orders from H. M. S. Pheasant to report to the naval and custom authorities. She was seized by United States steamer Rush on Sept. 2 100 miles west of St. Paul's island. She reports the seizure of the American schooner Louise Olsen on the same date by the same vessel. The Olsen was caught inside the sixty-mile zone.

For an Official Trial.
Washington, Sept. 24.—Naval officials are looking forward to the speed trial of the ram Katahdin, which is to take place on Oct. 3. The Dolphin has gone north to be present at the trial. The contract under which the boat was built calls for seventeen knots per hour. The vessel was built at Bath, Me., the contract price being \$930,000. The keel was laid in 1891.

Holmes Pleads Not Guilty.
Philadelphia, Sept. 23.—Herman M. Mudgett, alias H. H. Holmes, was arraigned before Judge Fineletter in the court of Oyer and Terminer yesterday on the indictment charging him with the murder of Benjamin F. Pitzel on Sept. 2, 1894. Upon the advice of his counsel the prisoner pleaded not guilty. The trial was set for Monday, Oct. 23.

VICTORY IN SIGHT FOR CUBA.

The Spanish Forces Were Routed in a Pitched Battle.

New York, Sept. 24.—News of a battle, in which the Spanish were defeated by the Cubans and lost 300 men, was received yesterday by President Palma. It came in a letter written Sept. 14 by Pedro Rovira, a Spanish private who deserted to the Cuban ranks at Pera Legu when Campos was defeated.

In a later engagement Rovira was captured by the Spanish, court-martialed and sentenced to receive 400 lashes and to be shot. The sentence was carried out while Rovira was shouting for Cuban liberty. The Spaniards were greatly incensed against him, as he had killed three of their men before being captured.

The letter says that all Santiago, where the execution took place, was incensed against the Spaniards, and then goes on to describe the hard-fought battle:

"A man who was sick in a hospital at Casimira escaped to Guantanamo in August, and told the Spaniards that Gen. Jose Maceo was sick in the Casimira hospital and had only thirty men with him. On Aug. 30 Maceo heard that 1,200 men, one battalion corps and a squadron of cavalry with two pieces of artillery were marching on him. Maceo mounted his horse and from the mountains of Santa Maria viewed the enemy's position. He ordered eight of his men to keep up firing from ambushes to deceive the Spanish, and meanwhile had word sent to his brother, Gen. Antonio Maceo.

"On Aug. 31, the Spaniards captured Francis, and Gen. Jose Maceo fortified his few men in a plantation house near the hospital. He wished to guard the right side of the road leading to Bacallano, which skirted the hospital. The Spanish were slowly closing in on him when Gen. Cebreco and a Cuban column came to his relief and made the enemy evacuate their position.

"A hot engagement followed, in which the Spanish regained their position, but were unable to hold it long, as General Antonio Maceo suddenly appeared on the scene, and, with Cebreco and Colonel Mueñit, succeeded in wresting it from Canalle and Garrilo, who commanded the Spanish. The Spanish now made a brilliant charge and for the third time managed to secure the position, but in the engagement the Spanish captain of artillery was mortally wounded, and they slowly withdrew, the Cubans fighting them back."

This battle lasted from 5 o'clock a. m. to 1 o'clock p. m. It was resumed in the early afternoon, however, and is described as follows:

"General Antonio Maceo cleverly turned the Spanish column and gained the pass of Baccano. He then massed his troops before the Spanish vanguard, while General Jose Maceo got the men in the rear. A very desperate encounter ensued. It raged until 9 o'clock at night, when it was discontinued until the dawn of the next day—September 1. The Spanish then commenced the retreat until they reached the Igubanabano field, where they were able to use their cavalry, which was impossible on the mountains of Santa Maria. They did not gain any advantage, however, and after burning their provisions they continued to retreat to Mountain, which place they entered in scattered groups."

The Cubans had no cavalry, but made effective use of dynamite bombs, which the letter says, struck terror to the enemy.

In the engagement the Cubans' loss was forty men wounded and killed. The Spaniards lost over 300 men, forty horses and a large store of provisions and munitions of war. The Cubans are still capturing stragglers and picking up arms near Mountain. Spaniards are deserting every day and joining the Cubans.

The Spaniards, after the battle, sent a cable to Spain headed, "The Defeat and Capture of Jose Maceo," and also asked for the reward offered and the advancement of the officers in the engagement.

VICTORY IN SIGHT.

Cuban Revolutionists Threaten the City of Havana.

Chicago, Sept. 24.—Dispatches from Havana to the Chicago Tribune say: Armed parties of revolutionists are already in the province of Matanzas and actually within seventy-five miles of the city of Havana. The west end of the island will soon be the scene of an uprising. When this fact develops the formidable nature of the revolution will become apparent. With armed forces on both sides of Havana it would require not 80,000 but 500,000 Spanish troops to keep the revolutionists in check.

Martinez Campos is at once hiding the truth of defeat and disaster and creating a belief in the immense power of his troops. Too much truth leaked out when he was so badly defeated at Peralejo and retreated to Bayamo. For ten days the publication of war news was forbidden, and then allowed only under military censorship. Under censorship that action is now counted as a glorious Spanish victory. The fact is positive that he came within an ace of being captured. Official accounts give his force at 1,500 and the insurgents at 5,000, but credible reports say the rebels had only 850. It is safe to say that the rebels have 25,000 men under arms at the present time, and their forces are growing daily.

Atlanta, Ga., Sept. 24.—The woman's congress opened yesterday afternoon,

TRAIN RAN DOWN
A LOADED WAGONFATAL ACCIDENT AT LONG
BRANCH THIS MORNING.

Louis Bennett Was Killed and Others Were Fatally Wounded—Engine Wrecked and Crew Killed Near Peoria—Missouri Pacific Repair Train Ditched by a Steer.

Long Branch, Sept. 24.—A New York & Long Branch train collided with a wagon driven by Louis Rennsen, and containing five colored women, this morning, killing the driver, while the others are perhaps fatally injured. The accident occurred early this morning.

Peoria, Ill., Sept. 24.—James Dillon, an engineer on the Toledo, Peoria and Western, and William Brown, his fireman, were killed yesterday by their engine jumping the track near Washington, ten miles from this city. No one knew anything of the accident until the 12:30 Chicago passenger came along and found the engine in the ditch, both men dead. Both were married, and left families in Peoria. Spreading of the rails is supposed to have been the cause of the accident.

Wrecked by a Steer.
Salina, Mo., Sept. 24.—A Missouri Pacific repair train was wrecked two miles east of Gypsum by striking a steer. The engine was thrown from the track, instantly killing Engineer H. C. Ferguson and seriously injuring Fireman Charles Hart.

MINISTRY SELECTED.

Bartolome Maso President of the Cuban Republic.

Tampa, Fla., Sept. 24.—Letters received by prominent Cuban leaders here state that on Sept. 10 a constitutional convention was held at Najasa at which Bartolome Maso was elected president of the Cuban republic, marquis of Santa Lucia minister of the interior, Tomas Estrada Palma representative of the government in the exterior and Maximo Gomez general-in-chief. Maso was born sixty years ago at Manzanillo. He is highly connected and thoroughly educated. He left Manzanillo Feb. 24 last, and was considered as the head of the revolution in the eastern department. When this occurred Calleja sent a committee of prominent autonomists and some chiefs of the former revolution to dissuade him, but he was not pliable. The committee went again, re-enforced by ex-President Sportono, who, during his term, published a decree to put to death any person who should propose anything but Cuban independence. Maso received him, but learning his purpose told him to leave the camp immediately or his own decree would be enforced.

To Talk of Waterways.

Cleveland, Ohio, Sept. 24.—Business men and all those interested in the progress of lake traffic, are wide awake over the convention of the National Deep Waterways association, which begins in this city this afternoon. The meeting will continue for three days, and during that time large numbers of prominent men from all parts of this country and Canada will be present. The question of the feasibility of a deep channel from the lakes to the ocean will be discussed in all its details, and the recommendations of delegates to the meeting will, no doubt, have much to do in influencing the action of the United States and Canadian governments in deciding the matter.

Adopt Baltimore Amendment.

Peoria, Ill., Sept. 24.—The Central Illinois M. E. conference yesterday decided to meet next year in El Paso. The constitutional question came up, the matter of admitting women to the general conference being first. The Baltimore amendment was adopted on the recommendation of the committee by a vote of 141 to 7. The recommendation of the Wisconsin conference relative to the date of holding the general conference was adopted unanimously. The Colorado amendment was adopted unanimously. This is relative to the representation in the general conference, making the ratio one in every forty-five. At the evening session the business of the conference was closed and the appointments were announced.

Kansas Crops in Danger.

Emporia, Kan., Sept. 24.—The greatest change in the weather ever experienced here occurred within the past twenty-four hours, the mercury dropping from 90 in the forenoon to the freezing point at night, nearly 60 degrees difference. Material injury to crops will follow if the cold spell continues. At Ardmore, I. T., a severe thunder storm came up yesterday, accompanied by light rain and a high wind. The storm was followed by a cold wave, a fall of 40 degrees occurring in a few hours.

Call for State Bank Reports.

Springfield, Ill., Sept. 24.—The auditor of public accounts has called for a report from the state banks showing their condition on the morning of Sept. 23.

Will Not Hold Filibusters.

Wilmington, Del., Sept. 24.—The jury in the Cuban filibustering case, after being out fifty minutes, returned a verdict of "not guilty."

BIG MEETING HELD
TO HELP IRELAND

PATRIOTS GATHERED AT CHICAGO THIS MORNING.

Convention is Being Held to Devise Ways and Means to Free the "Gould Sod" From English Rule—Michael Davitt and O'Donovan Rossa Are Expected.

Chicago, Sept. 24.—The Irish patriots opened a large convention here this morning, for the purpose of discussing plans for the liberation of Ireland. It is expected that Michael Davitt and O'Donovan Rossa will take a prominent part in the convention and its work.

FOR A CUBAN NAVY.

Coaling Stations and Brave Sailors Established for the Fleet.

New York, Sept. 24.—According to the reports current among those interested in Cuban affairs the patriots are in a fair way to have a navy before the first of the year.

It is positively asserted by those who claim to be conversant with the facts that Cuba will have the rights of belligerency accorded her by Mexico and several South American republics before a month has passed. Facilities for coaling stations will be provided for the patriot navy and for all vessels sailing under letters of marque issued by the officials of the republic of Cuba. There will be several of the latter which will be manned by naval men from different countries and there are many applications on file at Cuban headquarters here for positions in the fleet.

The mission of Secretary Quesada in Mexico, which has been kept from the public, was to arrange the details in connection with this plan. They are now practically completed.

The recent capture of the port of Banes on the north coast of the island of Cuba was the initial step of the plan.

GUNS ARE READY.

Defense of the Golden Gate Approved by the Government.

San Francisco, Cal., Sept. 24.—The United States government is now able to blow out of the water at a day's notice a whole hostile fleet that might attempt to enter the Golden Gate. The battery of the big pneumatic dynamite guns ordered for the defense of this port a year or more ago has been advanced so far toward completion that two of the guns could be effectively fired with only twenty-four hours' preparation. The two guns now set up will be actually fired during the contractor's preliminary tests within ten days, and it is expected that within six weeks some old hulks will have to be blown to splinters in official tests, and the battery will have been turned over to the government.

Love Is Brought Back.

New York, Sept. 24.—A. C. Love, formerly assistant postmaster at Calvert, Tex., arrived on the steamer Advance from Colon as a prisoner in charge of United States Officer Renfrew. Love, it is charged, while acting in his official capacity in charge of the money-order department at Calvert, fled with a large amount of government funds.

To Start with British Capital.

Springfield, O., Sept. 24.—A mammoth deal in the agricultural-implementation interest of Springfield is about to be made. This will be the re-establishing of the vast Whiteley interests with a capital of \$2,300,000, of which over \$2,000,000 will be British money. The preliminaries of the deal have almost been completed and it is practically certain to go through.

Indiana Village Destroyed.

Rochester, Ind., Sept. 24.—Early yesterday fire broke out in Tiosa, six miles from here, and in a short time very business house was destroyed, also the elevators, sawmills and two dwelling houses. The total loss is \$100,000. The heaviest losers are the Tiosa Lumber company, \$60,000, and George Persbacher of Rochester. The insurance is but light.

Loss to the Baltimore Team.

Baltimore, Md., Sept. 24.—McGraw, the third baseman of the Orioles, will not appear again on the diamond this season. He has malaria, and is so ill he cannot see any of his friends who call.

Anti-Christian Proclamations.

Shanghai, Sept. 24.—A dispatch from Nig-Po says that the whole province of Che-Kiang, especially the city of Kin-Wha, has been placarded with anti-foreign and anti-Christian proclamations.

Welcome General Korner.

Valparaiso, Chili, Sept. 24.—General Korner has arrived on the steamer Imperial from Panama. He was received with great enthusiasm, the deputies from Santiago joining in the general welcome.

Seven Persons Drowned.

London, Sept. 24.—A special dispatch received from Geneva, Switzerland, today reports that a steamer ran into and sunk a rowboat there last night, drowning seven persons.

SEVERAL CASES ADJOURNED.

Frank Nelson Will Be Tried October 2 and Charles Jones on October 4.

The case of Frank Nelson, who was convicted of selling liquor without a license in Evansville came up in the municipal court this morning on an appeal, and was adjourned until Oct. 3 at 2 p. m.

The case of the state against Charles Jones was also set for this morning but when it was called, by consent of the parties, an adjournment was taken until Oct. 4 at 9 a. m. when a jury will be drawn. District Attorney Jackson is prosecuting the case, while T. S. Nolan appears for the defense.

Patrick Mulcairns was discharged on his examination of the charge of larceny from the person yesterday afternoon, but was immediately rearrested on the charge of assault and battery, the complaint being made by Edward Pickering, and on his plea of guilty, was sentenced to jail for sixty days.

Nora Dulin was convicted of being a vagrant yesterday afternoon, and sentenced to sixty days at the county poor house.

Coffin Brothers' Trial.

Indianapolis, Ind., Sept. 24.—In the trial of the Coffin brothers yesterday evidence was introduced by the government to show that there had been collusion between President Haughey and the defendants to deceive the national bank examiner. The defendants gained a point by showing by the government witnesses who appraised the cabinet company property that it was appraised very low, owing to the stringency, and that it was really worth \$176,000. It sold for half that amount.

AMENDS ARE MADE BY ALD. J. B. MCLEAN

SAYS HE WAS EXCITED AT THE
LAST MEETING.

If He Said Anything to Offend the Mayor and Council He Now Regrets It He Says—New Ordinance Adopted—Hospital Proposition—Coal Contracts Let—Other Business

Alderman J. B. McLean did a manly thing at the council meeting last night, when he stood up and said he was sorry, if under the excitement of the moment at the last meeting, he had said anything at which the mayor or the other aldermen could take offense.

"I am not sorry for what I said to these people as far as they are concerned," he said, "for I thought that the occasion demanded that something be said. The committee had gone over the matter and had heard both companies' propositions, deciding that the Austin crusher was the best. The other company had insisted, up to 6 o'clock the night of the meeting that the price of their machine was \$800. Alderman Hemming had also been approached, and the actions of the agents made me mad. Their actions caused mine, and if during the excitement of the moment I said anything to offend his honor or the aldermen, I regret it and am sorry for it."

"It was not what you said so much as the way you said it," said Mayor Baines, "the only objection that could be raised was that you were not very careful to select your language, and Alderman McLean, it seems to me that this gavel is heavy enough to make noise enough so that you could have heard and heeded it."

"I know it, your honor," answered Alderman McLean laughing, "but he was excited."

The Business of the Session.

Alderman McLean made these amends at the close of the meeting at which considerable important business was transacted. They did not get to work until 8:30 o'clock and all the aldermen answered their names except Alderman McLean, who came in later. After the minutes had been read and approved, Clerk Badger read a communication from John Callihan, he claiming \$50 for injuries while in the employ of the city and working on a street plow. The communication was referred to the judiciary committee, and further time was granted them.

Mayor Baines announced the appointment of M. J. Conroy as special police without pay, and on Alderman Kothman's motion the appointment was confirmed.

The bids for furnishing the city with coal were then opened and found to be as follows:

Per ton	
James W. Hodgdon.....	\$6 50
W. H. H. Maclean.....	6 40
P. A. Maguire.....	6 50
Janesville Coal Company.....	6 50
J. W. Carpenter.....	6 50
William Bugas.....	6 50

On motion of Alderman McLean the contract was awarded to W. H. H. Maclean, he being the lowest bidder.

The Hospital Communication.

Clerk Badger then read the following communication addressed to the mayor and common council: "The board of directors of the Oak Lawn Hospital association are deeply sensible of the generous action of your honorable body in taking action looking to the support of this charity. Should you appropriate \$500 for this purpose this board of directors promise to open the hospital for emergency and other cases, and will use their best efforts to maintain the institution in a manner creditable to all concerned."

W. T. VAN KIRK, Pres.
S. B. SMITH, Sec.

The mayor referred the communication to a special committee consisting of Aldermen Heddles, Kothman and Burnham, who subsequently asked for further time to report, which was granted.

A petition requesting that an electric light be placed at the corner of Racine and Ringold streets, was referred to the gaslight committee and further time granted, while Dr. Palmer's hospital proposition was referred to a special committee consisting of Aldermen Heddles, Kothman and Burnham and further time was given them. Chairman Heddles of the finance committee, reported favorably on a number of bills which were ordered paid.

New Ordinance Adopted.

The clerk read an ordinance which Alderman Burnham presented being "an ordinance to adopt the provisions of part of sections 23 and 25 of chapter 326 of the laws of 1893 as amended by the laws of 1893 and 1895 in addition to the provisions of the special charter of the city of Janesville," which provides for the dispensing of

the offices of comptroller and board of public works, and provides that the duties of such officers or board be performed by other officers or boards, or by the common council or a committee thereof; and also that part of section 25 of chapter 326 of the laws of 1893, which provides for the election of a comptroller by the people, are hereby adopted in addition to the provisions of the special charter of the city of Janesville.

Alderman Burnham explained that this ordinance was drawn up to make one previously adopted, more clear and on his motion the rules were suspended and the ordinance was given its third reading and put upon its passage and adopted unanimously.

Alderman Smith Had One Too.

Alderman Smith then introduced an ordinance entitled "an ordinance to adopt the provisions of chapter 326 of the laws of 1893 entitled 'an act dividing cities into classes and providing for their incorporation and government,' as amended by the laws of 1893 and 1895 in lieu of the special charter of the city of Janesville," together with an order, directing the city clerk to cause a copy of the ordinance to adopt the provisions of the general charter law in lieu of the special charter of the city of Janesville to be published once each week for three weeks in the official paper, together with notice that the same will be acted upon by the common council at a meeting to be held October 28th, 1895, which was adopted.

Many Orders Adopted.

Orders were then adopted as follows:

By Alderman Burnham—Granting Taylor & Morris the use of the west portion of Main street in front of lot 8, block 38, original plat of the city of Janesville, for the storage of building material during the construction of a new building.

By Alderman McLean—For a block cross walk on the south side of Bluff across Washington street.

Alderman McLean stated that there had been trouble with the drinking fountains. People had been fooling with them and they were injured intentionally. He moved that the mayor offer a reward of \$25 for information leading to the conviction of any person meddling with the fountains.

By Alderman Kothman—For a new sidewalk on Lincoln street; also a block cross walk across Locust street on the north side of Western avenue.

By Alderman Luman—For a new sidewalk on Prospect avenue.

Alderman Burnham of the sewerage committee stated that the committee had held a meeting and desired further time. He also said that they thought that they would soon have something to offer whereby the citizens who desired sewers could have them, Mayor Baines remarking that this was a very good arrangement, and after Alderman McLean had made his amends, the council adjourned.

ALDERMAN F. S. WINSLOW IS HOME.

South Looked as Natural as It Did When He Carried a Musket.

Alderman Winslow returned home from his southern trip Saturday night and says his trip was a most enjoyable one. The southern people fairly outdid themselves in entertaining the old soldiers and the cities were simply one mass of bunting. Chattanooga, Alderman Winslow, says, is the nicest place in the lot. Nashville did not decorate at all, and as a result the tourists all gave that town the go by. The Atlanta exposition is far from complete, he says, but it will be a great show.

"When I got down in that country things seemed as natural as could be," said Alderman Winslow last night.

"If it hadn't been for the timber that has since grown up, it would not have seemed more than a week ago that I went through that territory with a federal musket on my shoulder, with General Hooker. I was only a block away when the explosion that killed the artillerymen occurred. I was just getting up in my hotel and the concussion threw me back on my cot. Yes, I had a fine trip, but about two months later is the best time to go down that way."

ALI BABA FROM ARABIAN NIGHTS

Story of the Great Production That Will Be Seen Here Thursday Night.

"Ali Baba; or Morgiana and the Forty Thieves," is to be produced at the Myers Grand on Thursday evening, Sept. 26, by the American Extravaganza Company. It is this same company of which David Henderson is the manager, that gave to the theatre goers of the country such pieces as "The Crystal Slipper," "Bluebeard" and "Sinbad." Ali Baba surpasses all the pieces that have preceded it on the stage of the Chicago Opera House. The story of Ali Baba is one of the Arabian Nights tales, laid in and around Bagdad. Ali Baba, a poor laborer, one day discovers the hiding place of forty thieves from whose ravages the whole country has suffered, and then come the complications that amuse one.

EVANSVILLE PLAYERS HAVE QUIT

They Will Be in the Field Next Year Stronger Than Ever

The Evansville base ball club has closed its 1895 season with a record of eight games won out of twelve. The defeats were two from Jefferson, one from Edgerton and one from Portage. The management expect to put a strong team in the field for next season. Jefferson beat Evansville 14 to 13 at Evansville Saturday.

WIND MILL RUINED BY SUNDAY'S GALE

RAILROAD PROPERTY WAS
DEMOLISHED AT MILTON

Grain Moving Very Slowly, Farmers Refusing to Sell Except Under Pressure of Direct Necessity—Baptism in Clear Lake Next Sunday—News of the County.

Milton, Sept. 24.—During the gale Sunday afternoon the windmill of the railroad company was blown to pieces, but no other damage resulted. The change of temperature Sunday night was welcomed by suffering humanity. This month has been a scorcher, but no hotter than the same month in 1891, despite the fact that every one declares they never saw it so hot in September. George Warren and wife of Janesville, were visitors at Miles Rice's Sunday. Fetherston Brothers are handling more or less grain every week, but prices are so low that nothing but dire necessity causes a man to sell. R. Williams and wife returned from their trip to New York and New Jersey last Friday. A number of Milton people are becoming noted as puzzle guessers. Last week five correct answers to the Times-Herald puzzle appeared in the roll of honor of that paper, and this week the names of Dr. A. S. Burdick, Mrs. Ella G. Burdick, Miss E. M. Brown, Professor P. L. Clarke and B. R. Grooms appear. Unfortunately none of our villagers have been prize winners. Dr. Ella J. Crandall returned from the east last week, and found her professional services in demand at once. Postmaster Morris and wife spent last Sunday in Milwaukee. M. T. Harvard, of Rice Lake, was the guest of Milton relatives this week. Isaac T. Smith was the guest of K. Killam and family last week. M. Dawson & Co. shipped a car of live stock from this station Monday. Miss Stella Partridge, of Chicago, is visiting Milton relatives. Claude Aspinwall, who coached our ball players, is now training the Whitewater normal foot ball team.

BAPTISM IN CLEAR LAKE SUNDAY.

Milton Junction Pastor Will Conduct Services—Work For Kings Daughters.

Milton Junction, Sept. 24.—It is expected there will be baptism by the pastor of the S. D. B. church at Clear Lake next Sabbath. Mr. and Mrs. Louis Chamberlain welcomed a little daughter to their home Thursday night. Old Mr. Carter remains very sick. His son, William, is taking all the care of him except what Mr. and Mrs. Kern are able to do. Here is an opportunity for the "Kings daughters" or "Kings sons" to do a little work. Fay Coon spent Saturday and Sunday at her home this week. Mrs. V. Price spent a day at Wauwatosa last week at the new house there which is progressing finely. Ole Meelas entertained company at his gallery Saturday night and Sunday. Mrs. Vanlone's friends who have been visiting her for two weeks left Saturday. Mr. Slagg is disposing of his furniture as fast as possible as he does not wish to remain here longer than necessary. E. D. Coon spent Monday at Johnstown Centre setting up school furniture. It is stated that Elder Stephens has not yet rented the house occupied by John Owen. Mr. Rutezen spent Sunday at Fort Atkinson. The stockholders of the building in which the bakery is are putting in a brick oven.

SCHOOL OPENS AT COOKSVILLE.

Tobacco Harvest Keeps Many Pupils Away—L. O. G. T. Convention Cooksville, Sept. 24.—Our school opened last Monday with Miss Maud Ellis of Whitewater as teacher and twenty eight scholars were enrolled. Tobacco harvest has kept a good many at home. Six delegates from here attended the L. O. G. T. convention at Whitewater last week. They were Chas. Miller, Chester Gilroy, Wm. H. Leadle, Stella Miller, Belle Rice, Lizzie Dennison. Miss Kate Miller is visiting her sister in Dakota. Carl Newkirk is on the sick list being threatened with fever. Dr. Conley is in attendance. Mrs. Powers and family are visiting at her sisters, Mrs. Kerren and Mrs. Mc Carthy's. Mr. Kerren is putting a new coat of paint on his barn.

YOU LACK STRENGTH. WEAK NERVES, TIRED, EXHAUSTED BODIES.

The Complaint of Thousands Upon Thousands—Health and Strength Are Within Your Grasp—Dr. Greene's Nervura Makes You Strong and Well—It Is the Great Restorative of Nerve and Body.

The world is filled with people who, while not exactly sick, yet lack strength. They are weak, tired, languid and nervous, especially at this season of the year, and have lost their old-time vigor and energy, and go about their work in a listless manner, without ambition, and feeling dull and dispirited.

In this connection we publish the cure of Mrs. B. B. Graves, of Middlefield, Mass., in the lady's own words:

"I have been sick for two years, and have been a great sufferer during all that time. I was fearfully nervous, and could get but little sleep. I was constantly worrying about something. My head ached nearly all the time so that I could hardly endure it. My stomach was in a terrible condition and I could eat but very little. I suffered awfully from the little food I did eat."

"I was frightfully weak and exhausted all the time, and could do almost no work at all. I was in a fearful condition from all these complaints and thought I never should get well. I took medicine and

MRS. B. B. GRAVES.

employed doctors but got no better.

"Finally I began the use of Dr. Greene's Nervura blood and nerve remedy, and immediately there was an improvement. I gained rapidly in health and strength, and everyone of my troubles soon left me. I was entirely cured of them all by that wonderful medicine Dr. Greene's Nervura blood and nerve remedy. There is no medicine in the world that will do what that will. I advise everybody to use it."

Use it. It will make you strong and well—give you back your snap, energy and ambition to work.

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by anyone at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

THEY FAVOR UNION-MADE CIGARS

Janesville Workmen Are Trying to Build Up Home Industry.

Janesville union workmen are doing their best to keep tenement house cigars out of town. Their sidewalk-marking campaign was begun with this in view, the aim being not to boom any brand of cigars, but to encourage the use of all brands bearing the blue label of Lodge No. 290.

"It would be a big benefit to the town to bring sixty or seventy clean, industrious cigar makers to the town," said a union man today, "and that's just what we can do if everybody will smoke Janesville cigars."

Grand Scenic Effects of Ali Baba.

Pictorially "Ali Baba has made the best impression of any of Henderson's gorgeous productions. No such brilliant scenery has ever been seen in any theatre; the costumes are far more elaborate than those used in any of the other productions; no more charming scene was ever put on the stage than the exquisite set in the third act representing the exterior of the robbers cave, and the enchanted forest of falling waters. This scene is a symphony in green and in its charming realism causes one to forget his surroundings and fancy himself borne away from the maddin of the city's strife and turmoil to one of nature's most favored spots, the rippling, bounding cascade of real water laughing merrily down the mountain side, while the trees and shrubs that grow along its banks dip their leaves and branches in the limpid, rollicking and fresh showers into the pellucid moonlight. Ali Baba will be seen at the Myers Grand Thursday Sept. 26th.

FLAG WAS RAISED OVER THE SCHOOL

PATRIOTIC EXERCISES IN THE
TOWN OF TURTLE.

An Immense Pumpkin Pie and a Fine Dinner Preceded the Exercises and Five Hundred People Were Present—Stirring Songs Were Sung and Rousing Speeches Made.

The stars and stripes now float on the Murray school house in the town of Turtle, the flag being unfurled by veterans and citizens with appropriate exercises. Dinner was served at noon, it being preceded by the singing of "The Army Song" by the audience. In the course of the meal Charles Gault brought out a pumpkin pie, two or three feet long and a foot wide, and profusely decorated with small flags, which had been baked especially for the occasion. After dinner a column was formed and marched from the grove to the school house, where the flag was raised amid cheers and singing of "Rally 'Round the Flag" by the choir, after which the audience returned to the grove, where a platform and seats had been prepared, the Star Spangled Banner was sung and J. A. Crockett delivered a very happy address of welcome.

Rev. Mr. Stubbett, of Clinton, followed, speaking on the subject of what the flag means to us, eulogizing the school house and dwelling on the mission of the school teacher.

W. A. Mayhew, of Clinton, spoke in behalf of the G. A. R. and was followed by Rev. Mr. Howarth, of Clinton, who compared American opportunities with those of European countries. Rev. Mr. Jensen, of South Clinton, spoke eloquently of patriotism and duty to the flag. Rev. Mr. Leek, of Clinton followed, dwelling upon the fitness of flag raisings and the significance of the colors.

Superintendent Thione's address followed, he speaking of the nation's indebtedness to the past and our duty to the present.

Patriotic songs were rendered throughout the exercises, Mr. Weirick of Shopiere, giving "Dixie's Sunny Land," the exercises concluding with "America." Five hundred people took part in the exercises.

What a Young Man Said of Coats.

"I like the way it sets about the shoulders. That's the greatest test of a well-made coat."

"Oh, I don't know. A coat may set well around the shoulders and yet not be well balanced. This one seems to be all right on both points. Who made it?"

"It's a Pickwick."

"A ready-made. Well, I never would have guessed it."

Both the speakers were well dressed youths, and they examined the garment with a critical eye. They found no flaw. The fit was perfect, the material high grade, and the lining first class. Pickwick suits as sold at Ziegler's have opened to Janesville men a chance to wear better clothes than most tailors turn out, and yet too, spare the pocket books. No tailor can insure a fit without a "try-on," and then he must often remodel the garment. The Pickwick garments are so designed that a perfect fit can be given without any alteration. The most stylish suits are no longer tailor made.

SUNDAY'S SERMON
BY DR. TALMAGESTRIKING LESSON FOR MEN
AND WOMEN OF TO-DAY.

"And There Were Also with Him Other Little Ships, and There Arose a Great Storm"—Mark, iv: 36-37—Delivered Sunday, Sept. 22, 1895.

THE BIBLE, Gamie and Gennesaret were three names for the same lake. It lay in a scene of great luxuriance. The surrounding hills, high, terraced, sloping, gorged, were so many hanging gardens of beauty. The streams rumbled down through rocks of grey lime stone, and flashing from the hill-side, bounded to the sea. In the time of our Lord the valleys, headlands, and ridges were covered thickly with vegetation, and so great was the variety of climate, that the palm tree of the torrid and the walnut tree of rigorous climate were only a little way apart. Men in vineyards and olive gardens were gathering up the riches for the oil-press. The hills and valleys were starred and crisscrossed with flowers, from which Christ took his text, and the disciples learned lessons of patience and trust. It seemed as if God had dashed a wave of beauty on all the scene until it hung dripping from the rocks, the hills, the oleanders. On the back of the Lebanon range the glory of the earthly scene was carried up as if to set it in range with the hills of heaven.

No other gem ever had so exquisite a setting as beautiful Gennesaret. The waters were clear and sweet, and thickly inhabited, tempting innumerable nets, and affording a livelihood for great populations. Bethsaida, Chorazin and Capernaum stood on the bank, roaring with wheels of traffic and flashing with splendid equipages, and shooting their vessels across the lake, bringing merchandise for Damascus and passing great cargoes of wealthy product. Pleasure boats of Roman gentlemen, and fishing smacks of the country people who had come down to cast a net there, passed each other with nod and shout and welcome, or side by side swung idly at the mooring. Palace and luxurious bath and vineyard, tower and shadowy arbor, looked off from the calm, sweet scene as the evening shadows began to drop, and Hermon, with its head covered with perpetual snow, in the glow of the setting sun looked like a white-bearded prophet ready to ascend in a chariot of fire. I think we shall have a quiet night! Not a leaf winks in the air, or a ripple disturbs the surface of Gennesaret. The shadows of the great headlands stalk across the water. The voices of evening-tide, how drowsily they strike the ear—the splash of the boatman's oar, and the thumping of the captured fish on the boat's bottom, and those indescribable sounds which fill the air at nightfall. You hasten up the beach of the lake a little way, and there you find an excitement as of an embarkation. A flotilla is pushing out from the western shore of the lake—not a squadron with deadly armament; not a clipper to ply with valuable merchandise; not piratical vessels with grappling-hook, to hug to death whatever they could seize, but a flotilla laden with messengers of light, and mercy, and peace. Jesus is in the front ship; his friends and admirers are in the small boats following after. Christ, by the rocking of the boat and the fatigues of the preaching exercises of the day, is induced to slumber, and I see him in the stern of the boat, with a pillow perhaps extemporized out of a fisherman's coat, sound asleep. The breezes of the lake run their fingers through the locks of the worn-out sleeper, and on its surface there riseth and falleth the light ship, like a child on the bosom of its sleeping mother! Calm night. Starry night. Beautiful night. Run up all the sails, and ply all the oars, and let the boats—the big boat and the small boats—go gliding over gentle Gennesaret.

The sailors prophesy a change in the weather. Clouds begin to travel up the sky and congregate. After a while, even the passengers hear the moan of the storm, which comes on with rapid strides, and with all the terrors of hurricane and darkness. The boat, caught in the sudden fury, trembles like a deer at bay, amid the wild clangor of the hounds. Great patches of foam are flung through the air. The loosened sails, flapping in the wind, crack like pistols. The small boats poised on the white cliff of the driven sea tremble like ocean petrels, and then plunge into the trough with terrific swoop until a wave strikes them with thunder-crack, and overboard go the cordage, the tackling, and the masts, and the drenched disciples rush into the stern of the boat, and shout amid the hurricane, "Master, earnest thou not that we perish?" That great Personage lifted his head from the fisherman's coat, and walked out to the prow of the vessel, and looked upon the storm. On all sides were the small boats tossing in helplessness, and from them came the cries of drowning men. By the flash of lightning I see the calmness of the uncovered brow of Jesus, and the spray of the sea dripping from his head. He has two words of command—one for the wind, the other for the sea. He looks into the tempestuous heavens, and he cries, "Peace!" and then he looks down into the infuriated waters, and he says, "Be still!" The thunders beat a retreat. The waves fall flat on their faces. The extinguished stars rekindle their torches. The foam melts. The storm is dead. And while the crew are untangling the cordage and the cables, and baling out the water

from the hold of the ship, the disciples stand wonder-struck, now gazing into the calm sky, now gazing into the calm sea, now gazing into the calm face of Jesus, and whispering one to another, "What manner of man is this, that even the winds and the sea obey him?"

I learn, first, from this subject that when you are going to take a voyage of any kind you ought to have Christ in the ship. The fact is, that these boats would have all gone to the bottom if Christ had not been there. Now, you are about to voyage out into some new enterprise—into some new business relation; you are going to plan some great matter of profit. I hope it is so. If you are content to go along in the treadmill course and plan nothing new, you are not fulfilling your mission. What you can do by the utmost tension of body, mind, and soul, that you are bound to do. You have no right to be colonel of a regiment if God calls you to command an army. You have no right to be stoker in a steamer if God commands you to be admiral of the navy. You have no right to engineer a ferry-boat from river bank to river bank if God commands you to engineer a Cunarder from New York to Liverpool. But whatever enterprise you undertake, and upon whatever voyage you start, be sure to take Christ in the ship. Here are men largely prospered. The seed of a small enterprise grew into an accumulated and overshadowing success. Their cup of prosperity is running over. Every day sees a commercial or a mechanical triumph. Yet they are not puffed up. They acknowledge the God who grows the harvests, and gives them all their prosperity. When disaster comes that destroys others, they are only helped into higher experiences. The coldest winds that ever blew down from snow-capped Hermon and tossed Gennesaret into foam and agony could not hurt them. Let the winds blow until they crack their cheeks; let the breakers boom—all is well, Christ is in the ship. Here are other men, the prey of uncertainties. When they succeed, they strut through the world in great vanity, and wipe their feet on the sensitiveness of others. Disaster comes, and they are utterly down. They are good sailors on a fair day, when the sky is clear and the sea is smooth; but they cannot out-ride a storm. After awhile the packet is tossed abeam's end, and it seems as if she must go down with all the cargo. Push out from the shore with lifeboat, long-boat, shallop, and pinnace. You cannot save the crew. The storm twists off the masts. The sea rises up to take down the vessel. Down she goes! No Christ in that ship.

I speak to young people whose voyage in life will be a mingling of sunshine and of darkness, of arctic blast and of tropical tornado. You will have many a long, bright day of prosperity. The sky is clear, the sea smooth. The crew exhilarant. The boat staunch will bound merrily over the billows. Crowd on all the canvas. Heigh, ho! Land ahead! But suppose that sickness puts its cup to your lips; suppose misfortune with some quick turn of the wheel, hurls you backward; suppose that the wave of trial strikes you athwart-ships, and bowsprit shivered, and halliards swept into the sea, and gangway crowded with piratical disasters, and the wave beneath, and the sky above, and the darkness around are filled with the clamor of the voices of destruction. Oh! then you will want Christ in the ship.

I learn, in the next place, that people who follow Christ must not always expect smooth sailing. When these disciples got into the small boats they said: "What a delightful thing this is! Who would not be a follower of Christ when he can ride in one of these small boats after the ship in which Jesus is sailing?" But when the storm came down these disciples found out that following Jesus did not always make smooth sailing. So you have found out and I have found out. If there are any people who you think ought to have a good time in getting out of this world, the apostles of Jesus Christ ought to have been the men. Have you ever noticed how they got out of the world? St. James lost his head. St. Phillip was hung to death against a pillar. St. Matthew was struck to death by a halberd. St. Mark was dragged to death through the streets. St. James the Less had his brains dashed out with a fuller's club. St. Matthias was stoned to death. St. Thomas was struck through with a spear. John Huss in the fire, the Albi-

BEAUTY.

HOW TO INCREASE IN WEIGHT AND OTHERWISE IMPROVE ONE'S PERSONAL APPEARANCE.

Every normally constituted man and woman wants to look well. This is natural and right. We have little sympathy for those people who through indolence or gluttony have permitted themselves to take on too much flesh. They know that by living abstemiously and taking plenty of exercise they can get back to their normal weight.

We do however have a great deal of sympathy for those poor, pale, thin sufferers who either have no appetite or else whose food distresses them to such a degree that they are forced to live on a most frugal diet.

"Going into a decline." How often do we hear this expression. What does it mean? It means that people are losing flesh, growing thin, wasting.

Their trouble arises from the fact that they are unable to digest sufficient food and when the stomach is out of order and fails to do its proper work, foods are worse than useless. They simply ferment in the stomach and fill the system with poisonous principles.

What these people need is something that will digest their food after it has been eaten, and it is in just such cases that the Digestive Cordial as made by the Mount Lebanon Shakers is proving remarkably successful.

It is so prompt in its action that a sense of relief almost immediately follows the first dose, and a rapid increase in weight is soon noted.

The Shakers have issued an interesting pamphlet which may be obtained upon inquiry at any drug store.

IT ENCOURAGES FRAUDS.

Lewis Brothers of this city pointed out, when the Wilson tariff law was passed, that the reduction of duties on woolen goods was not its worst feature. They criticised especially, the chance it gave for constant undervaluations and fraudulent invoices. Their criticism has proven just. The American Wool and Cotton Reporter, which clamored long and loudly for free wool, says in its last issue:

"It is true that there is a vast amount of difficulty in collecting legitimate duties on dress goods, and by fraudulent invoices importers may bring in a vast amount of goods which can be sold at a profit at prices already named for the spring season.

Only last week one invoice of 6,000 pieces of dress goods was obliged to pay duties on such increased valuations that the importer acknowledged he was obliged to pocket a loss. Another lot of 250 pieces was raised 90 percent. above invoiced value, and the good work has only commenced.

In another column it tells of many mills shut down and of two ex-superintendents driving street cars to support their families, while hosts of men and women are out of work entirely. It has been the habit of late to pretend that all the mills and all the hands are now at work. Nobody who has the slightest information about the matter can be ignorant of the fact that many mills and factories have not been able to do anything since the victory of a democratic policy closed them in 1893, and the many others have been able to work only by spells a month or two at a time—the resumption being always carefully chronicled, and the stoppage always carefully ignored by free trade journals. The whole story is told by the increase of imports of woolen cloths since January 1. The people are not wearing more clothes in that proportion or in any considerable proportion, but they are buying more abroad, and as a necessary consequence are buying less from American mills and workmen.

DEMOCRATS MADE THEM.

Why should New York democrats squirm? The Sunday laws they protest against were put on the books by a democratic legislature and were retained by democratic legislatures for fifteen years. The only difference today is that instead of being used for blackmailing purposes, and set aside in return for contributions for political funds, they are being faithfully enforced and made practically effective. The question is, shall they continue to be thus respected and executed so long as they remain unrepented, or shall they be trampled under foot to serve the ends of Tammany?

Things are at a bad stage in Illinois. The state bureau of labor statistics makes formal charges that the great majority of the wealthy taxpayers of Illinois and more especially of Chicago are perjurers; that the assessors are guilty of malfeasance in office; that the present financial condition of Chicago is directly traceable to the corrupt system of taxation, and that the "deplorable condition of workmen is due to the liberty-destroying methods of taxation which prevail in Illinois."

Why does the Milwaukee News startle us by saying "the Milwaukee Journal has to pay the Washington correspondent?" The Journal continues to use a government clerk as a correspondent and to make Uncle Samuel pay the freight, just as it has done ever since Senator Vilas went to Washington. All it now has been compelled to pay is \$400 for its correspondents services in Milwaukee, and that isn't enough to count.

All the favorite sons who sand any show of being made president are in the field by this time. The favorite sons who appear from this time on will be the ones who think they can get a grip on a cabinet position.

Without doubt Rhode Island will vote tomorrow to establish biennial elections. That will leave Massachusetts the only state to fret and fume through a gubernatorial campaign every year.

At the hour of going to press, the southern bank examiner, who said Cleveland had "put the treasury into the hands of foreigners to run as they saw fit," was busy looking for another job.

Somebody is stealing water from the Fox river and that whole tiresome rigamarole of inflections will have to be gone through with again, unless tired nature gives up and sends rain.

A good many Wisconsin people were positively disappointed that there was no drunken revelry and riotous disorder at the state fair.

The Janesville plan of preserving domestic harmony with an ax and a rifle has met with scant endorsement around the state.

Among the pleasing features of the occasion will be a lecture Wednesday evening by Mrs. Helen M. Barker of Chicago, treasurer of the National W. C. T. U. and a paper by Fanny K. Earl of Lake Mills corresponding secretary of the Wisconsin W. C. T. U. Each union requested to send three delegates and each officer and superintendent to prepare a full report of work done in her department. Mrs. H. B. Osborn, Pres. Rock county W. C. T. U.

NO CHARGE FOR BICYCLISTS YET

One Railroad Holds Out Against the Agreement.

The Northwestern and the Milwaukee & St. Paul roads have not yet begun to charge for the transportation of bicycles, though the tariff for this new kind of baggage was published a month ago.

The cause of the delay is the refusal for the present of one of the western roads to unite with the others in taking bicyclists off the free list.

SENIOR GIRLS WILL ADOPT CAPS

High School Young Ladies Will Wear the "Mortar Board."

The young ladies constituting the senior class of the Janesville high school, will soon make their appearance in "mortar board" caps. For some time past the movement has been contemplated and was finally carried through. Samples of the different styles have been sent for, and they are now only a thing of a few days.

"As for the gown," remarked one of the young ladies "that we think is carrying the matter a little too far, although girls in the eastern schools wear both. We think the caps for the present are radical change enough."

HORSE TURNED A SOMERSAULT.

Peculiar Accident That Befell Miss Elizabeth Palmer's Animal.

While Miss Elizabeth Palmer was calling at the Court street home of Mr. and Mrs. A. E. Shumway, this morning, the tie strap that held the horse slipped down, holding the animal's head to the ground. The horse pulled with all his strength and the strap suddenly broke, throwing the animal over, his head going under the buggy. Both thills and the harness were broken, but the frightened animal was caught before any more damage was done.

TRAVELING IN A COVERED WAGON

A Nebraska Family Here Today on Their Way North.

W. A. Jones and family, who have resided near Lincoln, Neb., were in the city this morning, they being on their way to Marinette. They traveled all the way in a covered wagon. "The outfit," as Mr. Jones called it, started three weeks ago today, and has been on the road ever since although they have taken their time about it.

"Times in Nebraska, and especially in our vicinity were getting to be rather hard" remarked Mr. Jones' oldest boy "so much so that we thought we would move to a farm near Marinette, which place we expect to reach the first of next week."

TO CURE PILES.

A Remedy That Will Do It and is Perfectly Safe.

We do not intend to endorse any except articles of real merit. We therefore take pleasure in calling attention to a new pile cure which has been remarkably successful in curing every form of itching, bleeding or protruding piles. The remedy is known as the Pyramid Pile Cure and is recommended by the best medical authorities on account of its absolute safety, ease of application and instant relief from pain.

The Pyramid Pile Cure contains no opium or other poison and does not interfere with daily occupation while using. People who believe nothing but a surgical operation would cure them have been astonished at the results from a single 50 cent package of the Pyramid.

Mrs. Mary C. Tyler of Heppner, Ore., writes: One package of Pyramid Pile Cure entirely cured me of piles from which I have suffered for years, and I have never had the slightest return of them since.

Mr. E. O'Brien, Rock Bluff, Neb., says: The package of Pyramid Pile Cure entirely removed every trace of itching piles. I cannot thank you enough for it.

The Pyramid Pile Cure is sold by all druggists at 50 Cents and \$1 per package. Treatise on cause and cure of piles mailed free by addressing Pyramid Co., Albion, Mich.

HENRY ZADER DEAD AT A RIPE OLD AGE

COUNTY PIONEER PASSED
AWAY LAST NIGHT.

He Came to Wisconsin in Territorial Days and Was One of the Most Successful Farmers in This Section—Demise Occurred at His Milton Avenue Home.

Another of Rock county's hardy old pioneers was called to the last long rest when death summoned Henry Zader last evening, his death occurring at his home, 111 Milton avenue.

Mr. Zader was born in Germany, near the city of Hanover, on June 23, 1817, which would make him seventy-eight years of age. His mother died in 1831 and in 1837 he, with his father, George Zader, and his brother, John, came to America. After landing they went direct to Rochester, N. Y., where John died 1887. The father, George Zader, went to Meadville, Penn., where he also died some years later. Henry located in Spencerport, N. Y., and remained there until 1844, when he came west. In the old

country Mr. Zader learned the trade of a weaver, but when he came to America he became a farmer, which occupation he has followed ever since. For thirty-six years he cultivated his farm in the town of La Prairie, and in addition to this fine piece of property, he owned a farm in the town of Rock as well as his residence on Milton avenue, in which he has resided since 1878, when he retired. He has been one of the successful men of Rock county and was a most worthy and estimable citizen.

Grandfather Was a Patriot.

The name of the family was originally spelled Soeder, and with the exception of Henry all the members of the family retained that spelling. Mr. Zader, however, wishing to spell it as pronounced in English, changed it to Zader in coming to America. His grandfather, John Zader, or Soeder, was a Hessian, and at the time of the revolutionary war he was about to be drafted into the army for service in America against the colonies. Rebelling against such a life, he at once left his native place, and located near Hanover, in order to escape the service against which his conscience revolted.

Mr. Zader had been married four times. His first wife was Miss Darius Marvin, who died in New York a year after their marriage. His second wife was Sarah Thatcher, who came west with her husband in 1844, and died in 1855. He then wedded Mrs. Loney Wands, who died in 1863, and later was married to Mrs. Clarissa Quick, a native of Cayuga county, N. Y., who came to Wisconsin in 1869. By his second marriage, Mr. Zader had two sons, Willis H., who lives in Janesville, and William L., who located in California. By the third marriage two daughters were born, Elizabeth, wife of O. C. Field, and Emma, wife of Henry W. Sykes. Mrs. Zader, had three children by his first marriage—Ella, wife of F. Adair, of Chicago; Martha, wife of Willis H. Zader, and Silas, whose home is at Pike's Peak, Col.

His Political Belief.

In his religious belief, Mr. Zader was an Adventist, and his wife is a member of the Baptist church which both attended. Mr. Zader was a great student of the bible, and was well informed on scriptural teachings. Until the last few years, he had been a staunch supporter of the republican party. At that time, having the courage of his convictions, on the temperance question, Mr. Zader became a prohibitionist.

Mr. Zader was a man universally respected, as he had, by his own unaided efforts, made his way in life, and amassed a comfortable fortune. The sturdy manhood, that, coupled with his thrift and economy, enabled him to achieve the success he won, inspired the confidence and respect of all who knew him. He had resided in Rock county for fifty one years and has seen the changes wrought since territorial days. To the wife and children who feel the force of death's coming, sincere sympathy will be extended.

BULLET IN HIS LUNG WON'T KILL JACK

CANARY'S VICTIM SHOWS REMARKABLE VITALITY.

Effort Made to Bail Out the Saloon Keeper, His Wife Being Willing to Give a Deed of the Place—District Attorney Jackson Collects Evidence.

John F. Sullivan was resting comfortably at 3:30 o'clock this afternoon and chances for his recovery grow brighter each hour. He is able to take nourishment and as he gains strength the liability of hemorrhage lessens.

He is positive of his recollections of the details of the shooting and has not varied from his first statement.

District Attorney Jackson is collecting evidence in the case and today examined Mrs. Riley, a domestic at the Canary house. She said Sullivan got inside the door and Canary said:

"Get out of my house."

"I don't have to," said Sullivan.

"Get out of my house," repeated Canary, and Mrs. Riley, frightened, left the room. She was just outside when she heard a shot. She did not see a revolver in Canary's hand.

Her story today differed from the version reported to the police. They understood that she said she threw her arm over Canary's and begged him not to shoot.

All Over in an Instant.

"Patrick Griffin was in the room when the shooting was done," said an officer today, "but says he didn't see Canary fire. 'The whole thing was over, he says, before Sullivan was fairly through the door.'"

Efforts are being made to get Canary out on bail. His wife is making arrangements to give a deed of the place to secure bondsmen. The bond required is \$2,500.

Canary now says that he will have Sullivan arrested and bound over to keep the peace.

Frank Brennan and Frank McConnell, who were said by Sullivan to have been with him Sunday, deny that they him. "We were both in Mineral Point," said McConnell today, "going out there on a freight."

HE GOT THE BULLET MEANT FOR A THIEF

IRA CRANDALL OF LAKE KOSH-KONONG WOUNDED.

Farmer Mistook Him For One of the Parties Who Had Been Stealing Corn in the Field, so he "Let Go" With a Rifle—Injury is Painful But Not Dangerous.

Ira Crandall, the Lake Koshkonong fisherman, who is well known to Janesville people, is said to be suffering from the effects of a bullet wound, received either by accident or otherwise. Crandall, it was said, was mistaken for a corn thief, by a man who had lost a quantity of that cereal of late, and was out of patience. Seeing Crandall and thinking he was one of the thieves, the farmer grabbed a small bore rifle and fired. The ball struck Crandall in the back, inflicting a wound that was painful, but not necessarily dangerous, as the rifle was of 22 calibre and the bullet did not strike Crandall in a vital spot. Hunters who returned from the lake today told the story, and said that Crandall was doing well.

(Continued From Page 3.)

genies, the Wardenses, the Scotch Covenanters—did they always find smooth sailing? Why go so far? There is a young man in a store in New York who has a hard time to maintain his Christian character. All the clerks laugh at him, the employers in that store laugh at him; and when he loses his patience they say: "You are a pretty Christian." Not so easy is it for that young man to follow Christ. If the Lord did not help him hour by hour he would fail. There are scores of young men today who would be willing to testify that in following Christ one does not always find smooth sailing. There is a Christian girl. In her home they do not like Christ. She has hard work to get a silent place in which to say her prayers. Father opposed to religion. Mother opposed to religion. Brothers and sisters opposed to religion. The Christian girl does not always find it smooth sailing when she tries to follow Jesus. But be of good heart. As seafarers, when winds are dead ahead, by setting the ship on starboard tack and bracing the yards, make the winds that oppose the course propel the ship forward, so opposing troubles, through Christ, veering around the bowsprit of faith, will waft you to heaven, when, if the winds had been abaft, they might have rocked and sung you to sleep, and while dreaming of the destined port of heaven you could not have heard the cry of warning and would have gone crashing into the breakers.

Again, my subject teaches me that good people sometimes get very much frightened. From the tone and manner of these disciples as they rushed into the stern of the vessel and woke Christ up, you know that they are fearfully scared. And so it is now that you often find good people wildly agitated. "Oh!" says some Christian man, "the infidel magazines, the bad newspapers, the spiritualistic societies, the importation of many foreign errors, the church of God is going to be lost, the ship is going to founder! The ship is going down!" What are you frightened about? An old lion goes into his cavern to take a sleep, and he lies down until his shaggy mane covers his paws. Meanwhile, the spiders outside begin to spin webs over the mouth of his cavern, and say: "That lion cannot break out through this web," and they keep on spinning the gossamer threads until they get the mouth of the cavern covered over. "Now," they say, "the lion's done, the lion's done." After awhile the lion awakes and shakes himself, and he walks out from the cavern, never knowing there were any spiders' webs, and with his voice he shakes the mountain. Let the infidels and the skeptics of this day go on spinning theories, spinning them all over the place where Christ seems to be sleeping. They say: "Christ can never again come out; the work is done; he can never get through this logical web we have been spinning." The day will come when the Lion of Judah's tribe will arouse himself and come forth and shake mightily the nations. What then all your gossamer threads? What is a spider's web to an aroused lion? Do not fret, then, about the world's going backward. It is going forward.

You stand on the banks of the sea when the tide is rising. The almanac says the tide is rising, but the wave comes up to a certain point, and then it recedes. "Why," you say, "the tide is going back." No, it is not. The next wave comes up a little higher, and it goes back. Again you say the tide is going out. And the next time the wave comes up a little higher, and then to a higher point. Notwithstanding all these recessions, at last all the shipping of the world knows it is high tide. So it is with the cause of Christ in the world. One year it comes up to one point, and we are greatly encouraged. Then it seems to go back next year. We say the tide is going out. Next year it comes up to a higher point and falls back, and next year it comes to a still higher point and falls back; but all the time it is advancing, until it shall be full tide, "and the earth shall be full of the knowledge of God as the waters fill the sea."

Again, I learn from this subject that Christ is God and man in the same person. I go into the back part of that boat and I look on Christ's sleeping face, and see in that face the story of sorry and weariness, and a deep shadow comes over his face, and I think he must be dreaming of the cross that is to come. As I stand on the back part of the boat looking on his face, I say: "He is a man! He is a man!" But when I see him come to the prow of the boat, and the sea kneels at his presence, and the winds fold their wings at his command, I say: "He is God! He is God!" The hand that set up the starry pillars of the universe wiping away the tears of an orphan! When I want pity and sympathy, I look at him, and I say: "O Lord Jesus, thou weary One, thou suffering One, have mercy on me." "Ecce homo!" Behold the man! But when I want courage for the conflict of life, when I want some one to beat down my enemies, when I want faith for the great future, then I come to the front of the boat, and I see Christ standing there in all his omnipotence, and I say, "O Christ, thou who couldst hush the storm, can hush all my sorrows, all my temptations, all my fears." "Ecce Deus!" Behold the God! * * *

There is one storm into which we must all run. When a man lets go this life to take hold of the next, I do not care how much grace he has, he will want it all. What is that out yonder? That is a dying Christian rocked on the surges of death. Winds that have wrecked magnificent flotillas of pomp and worldly power come down on that Christian soul. All the spirits of darkness seem to be let loose, for it is their last chance. The wailing of kindred seems to mingle with the swirl

of the waters, and the scream of the wind, and the thunder of the sky. Deep to deep, billow to billow; yet no tremor, no gloom, no terror, no sighing for the dying Christian. The fact is that from the back part of the boat a voice sings out: "When thou passest through the waters, I will be with thee." By the flash of the storm the dying Christian sees that the harbor is only just ahead. From heavenly castles voices of welcome come over the waters. Peace drops on the angry wave as the storm sobbs itself to rest like a child falling asleep amid tears and trouble. Christ hath hushed the tempest.

Did Good Work.

Rev. Archibald G. Brown has received into the East London Tabernacle, in the thirty years of his pastorate, 6,000 members. The present membership aggregates 2,400. This church is located not far from the famous White-chapel district, and is composed mainly of poor people. Mr. Brown recently sailed for China, in search of health.

Japanese M. E. Church.

The first Japanese church in America was recently dedicated in San Francisco. It belongs to the Methodist denomination, and has about 300 members, who contributed largely toward the building of the edifice. The assistant minister and the organist are Japanese, and the church organization will be managed by the Japanese members.

"Why don't you try the mind cure?"
"There ain't anything the matter with my mind; it's my joints."—Texas Sittings.

The old story of Prometheus is a parable. Prometheus was on terms of intimacy with the gods. From them he stole fire, and gave it to men. For this sin he was bound to the rocks of Mount Caucasus, and vultures were set upon him. This grew again as fast as it was pecked away. Are his sufferings to be imagined?

Take a modern interpretation of the parable. There is no cooking without fire. In cooking and eating the mischief lies. The stomach is overtaken, the bowels become clogged, they cannot dispose of the food that is given them. The impurities back up on the liver. Then come the vultures—the torments of a diseased liver.
Dr. Pierce's Golden Medical Discovery is more than equal to the vultures of dyspepsia and its kindred diseases. Every atom of the "Discovery" is like a ferret, wherever it is sent. It is as sure as the needle of the compass. There is no more need of suffering from dyspepsia than there is of hanging oneself. Sold by all medicine dealers the world over.

OUR BLOOD FILTERS.

SHOULD BE PURE AS WATER.

What Keeps it Pure and What Happens When it is Impure.

Our Natural Blood Purifies. Our Kidneys; How They Keep Us Well, and How We Ought to Keep Them Well.

What makes a sallow complexion, gout, rheumatism, muscular weakness, depression, lack of ambition, anemia, chlorosis or green sickness, nervous headache, dizziness, hysteria, Bright's disease, gravel, sleeplessness, pain in the back, diabetes, etc.?

It is the failure of our blood filters. Our blood should be as free from impurities as drinking water.

If it becomes impure we fall sick. Our kidneys are simply blood filters. They filter the impurities out of the blood. That is why it is so dangerous to have kidney disease, because when our kidneys are sick they cannot keep our blood pure.

Diseases are generally caused by blood poisoning. Especially those mentioned above. The poisoning is caused by impurities in the blood.

These impurities could be kept out if our kidneys were healthy, if they were not worn out, or did not have too much work to do.

Dr. Hobb's Sparagus Kidney Pills make healthy kidneys out of sick ones. This means pure blood and the cure of all diseases caused by blood impurities.

Asparagus has a very strong tonic effect on the kidneys. Combined with other herbs it is used in Dr. Hobb's Sparagus Kidney Pills, and is the ingredient which does the kidneys the most good.

This filtering of the blood has probably never been explained to you in this way before.

Yet it is true.

Every physician knows it is true.

A medicine that will cure the kidneys will cure any disease caused by poisoned blood, because, as soon as the kidneys are well, they set about doing their work as it ought to be done.

When our drinking water is pure it will not poison us, and when our blood is pure it will not poison us.

Dr. Hobb's Sparagus Kidney Pills will bring you new life and ambition, cure your pains and aches, give you a bright rosy complexion, and health, freedom and comfort.

It is not a miracle.

It is simply pure clean blood.

It is only a question of renewing and cleansing your filters.

It is Dr. Hobb's Sparagus Kidney Pills acting on your kidneys.

All the dangerous diseases of impure blood that doctors are often unable to cure can be cured with Dr. Hobb's Sparagus Kidney Pills acting on your kidneys.

All the dangerous diseases of impure blood that doctors are often unable to cure can be cured with Dr. Hobb's Sparagus Kidney Pills.

Rheumatism, gout, Bright's disease, kidney troubles, etc., will all disappear after taking a course of Dr. Hobb's Sparagus Kidney Pills.

A few doses will relieve. A few boxes will cure.

Sold by all druggists at 50 cents per box, or sent postpaid on receipt of price.

Write for valuable pamphlet, explaining about the kidneys and their action on the blood. Free on application to Hobb's Medicine Co., Chicago, or San Francisco.

There are many good reasons why you should use One Minute Cough Cure. There are no reasons why you should not, if in need of help. The only harmless remedy that produces immediate results. C. D. Stevens.

A Golden Harvest

is now insured to the farmers of the west and Northwest, and in order that the people of the more Eastern states may see and realize the magnificent crop conditions which prevail along its lines, the Chicago, Milwaukee & St. Paul R'y. has arranged a series of three (3) harvest excursions for August 29, September 10 and 24, for which round trip excursion tickets (good for return on any Friday from September 13 to October 11 inclusive) will be sold to various points in the West, Northwest and Southwest at the low rate of about one fare.

For further particulars apply to the nearest coupon ticket agent or address GEO. H. HEAFFORD, Gen'l. Passenger Agent, Chicago, Milwaukee & St. Paul R'y., Chicago.

The healing properties of Dr. Witt's Witch Hazel Salve are well known. It cures eczema, skin affections and is simply a perfect remedy for piles. C. D. Stevens.

Expert Thieves.

"When I was in India," said the man who had traveled, "the native thieves stole the sheets from under me while I slept and I never knew it."

"Yes, and when I was in the northwest during the boom," said the man who will never admit that America can be outdone, "I had to sleep in a room where there were four real estate agents, and one of them stole a porous plaster from my back without awakening me."—Indianapolis Journal.

His Reason.

She was rather proud of her ears and she blushed with pleasure when he blurted out:

"I'm mighty glad you never had your ears pierced."

"Why?" she asked, in expectation of a compliment.

"Why, hang it all, it costs money to buy earrings," he returned.

That's why she considers him a "mean thing."—Chicago Evening Post.

The Unemancipated Man.

"Now mind the baby, sir," quoth she "I'm very likely to," sighed he; "For that is how 'twill have to be—The baby never will mind me."

—Judge.

EXCELLENT PROSPECTS.

Madge—I really think Jack would ask you to marry him if his prospects were better.

Dorothy—Indeed, if he only knew it, his prospects are very good. You don't know how fond I am of him.—Bay City Chat.

A Small Family

Could not do better than to either correspond or see us on the sale or rental of the house and lot we have facing Riverview Park. The house is heated by steam radiator in every room, and fine Magee range in kitchen, connected with hot and cold water, bath room, water closet, stationary laundry tubs, perfect sewerage and shades for all windows, newly papered, hard wood floor. In fact, is a model house and just right for a small family. Carrington bus line passes the door and within two and a half blocks of the street cars. We are the boys for business. Will sell, rent or trade to some one. Lowell Hardware Co., Milwaukee street.

Did You Ever Fall Over a Precipice.

Or hold up the Washington Monument on the pit of your stomach—in a dream? Did you ever wake up in a cold sweat caused by some horrid phantasm? If so, the wisest thing that you could have done to renew your slumber undisturbed by the nightmare, would have been to take some Hostetter's Stomach Bitters, which would have tranquilized you and relieved the indigestion, which was, perhaps, the author of your hideous dream. Indigestion, nightmare, indigestion are easily remedied by the Bitters. Resort to it, also, if you are troubled with chills and fever, liver or kidney trouble, constipation, neuralgia or rheumatism. If you have lost your appetite don't go to the expense of advertising for it, but take the Bitters. Then will "good digestion wait on appetite and health on both." Just before retiring is a very suitable time to swallow a wine-glassful.

Elkhorn Fair and Races.

The Chicago, Milwaukee & St. Paul R'y. will sell excursion tickets at a fare and a third for the round trip to Elkhorn on account of the Walworth county fair and races from September 23 to 27 inclusive, good for return and including September 29. Trains leave Janesville at 7 a. m. and 11 p. m.

If the Baby is Cutting Teeth,

Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind, colic and is the best remedy for diarrhea. Twenty-five cents a bottle.

Union Fair at Lodi, Wis.

For the above occasion the Northwestern line will sell excursion tickets at reduced rates to Lodi and return. Tickets on sale from September 30 to October 3, inclusive, good for return passage to October 4, 1895. For tickets and full information, apply to agents C. & N. W. R'y.

Acts at once, never fails. One Minute Cough Cure. A remedy for asthma, and that feverish condition which accompanies a severe cold. The only harmless remedy that produces immediate results. C. D. Stevens.
